*Using Twine to Design a Pathway Story*

Getting Started:
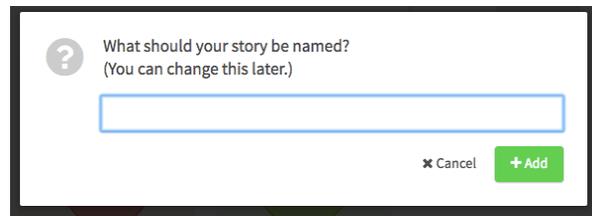

1. Using Google Chrome,   go to https://twinery.org/

2. Find and click on **Use it online** (blue text on the right side)
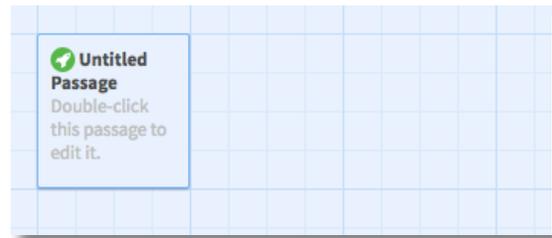

3. Click on   **+ Story**

4. Give your story a title and click on +Add

What should your story be named?
(You can change this later.)

✖ Cancel   + Add

5. A card will appear on the design sheet. Double click on this card and type in your story title at the top where it reads ***Untitled Passage***.

✅ **Untitled Passage**
Double-click this passage to edit it.

6. Next, type your title twice where it reads ***Double-click this passage to edit it.***

Use the bracket symbols to wrap your title, as shown below

The Most Magnificent Thing

+ Tag

• [[The Most Magnificent Thing | The Most Magnificent Thing]]
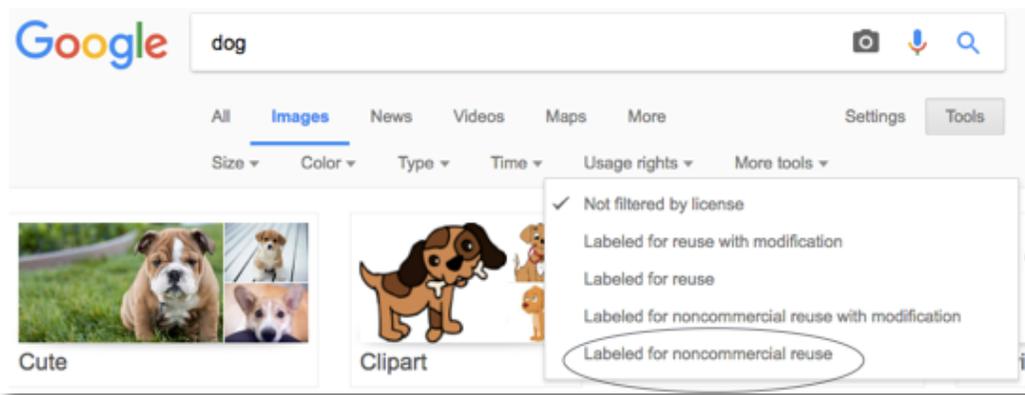

The **blue highlighted text** links to the next card and is the story pathway the viewer will click.
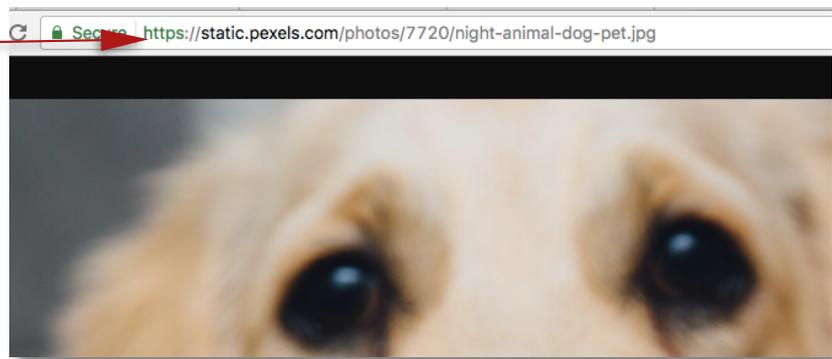

Adding an image to a card:

First you need to find an image that is acceptable to use (copyright free).

1.   Type the image topic into your Google Chrome browser.
2.   Click on Images
3.   Click on Tools
4.   Click on Usage Rights
5.   Click on **Labeled for noncommercial reuse**
6.   Find your image
7.   Click on it
8.   Click on View Image
9.   Copy the URL at the top (the address for the photograph)

Carefully type the following line of code in your story where you would like the photograph to appear:

<img src="the URL of your image goes within these quotes" width="500" height="300">
