

1

School looks different for now because of the coronavirus.  
 We had to make a lot of changes.  
 Kids are not allowed into the school building. So school time is done at home.  
 This keeps all the kids and all the teachers safe.  
 This is just for now.

2

My teacher made a plan to see me and talk to me from home!  
 It's different than being in the classroom. But I still get to see my teacher and some of my friends!  
 We use the computer, tablet, or phone at home to have our class meeting.  
 This helps to keep everyone safe.

3

This is the way we meet for school just for now.  
 My family will tell me when it's time for our class meeting!

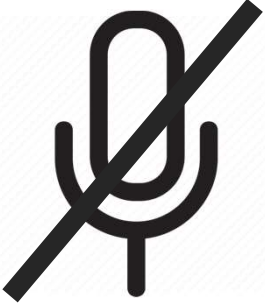

4

I use my device to open Teams.  
On Teams there is a camera and a microphone button.  
The camera lets my teacher and friends see me.  
The microphone lets them hear me talk.

5

**Off**

**On**

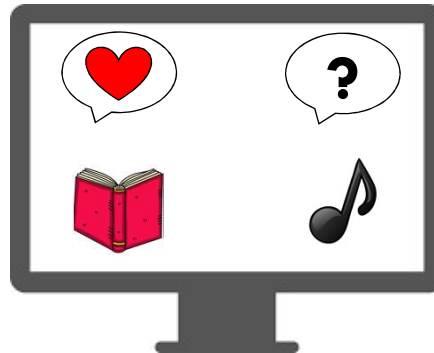

The teacher asks us to turn our microphones off when we start our meeting. This is so we can hear someone when it's their turn to talk. It would get too noisy if everyone kept their microphones on!  
When I talk at home with the microphone button off, my class can't hear me.  
When it's my turn to talk, I can turn the microphone on so everyone can hear my words.

6

During my class meeting, I will be able to see the teacher and 3 classmates on the computer screen.  
 Sometimes the pictures change, and I will be able to see other kids in my class.  
 The pictures change by themselves when someone talks with their microphone on.  
 I won't see all my friends in my class meeting.  
 But I will always see my teacher.

7

When my class meeting starts, my teacher says hi to everyone.  
 Sometimes we have to wait for everyone to turn on their devices.  
 My teacher will tell me the plan for our class meeting.  
 Sometimes we read stories.  
 Sometimes we sing songs.  
 Sometimes my teacher will ask questions.  
 When it's my turn to talk, I have to remember to turn my microphone on!

8

When our class meeting time is finished,  
I can make a plan with my family for a different activity to do at home.

School looks different, but it's just for now.
