## Picture Book Format

### One Plastic Bag: Isatou Ceesay and the Recycling Women of the Gambia by Miranda Paul

"Plastic bags are cheap and easy to use. But what happens when a bag breaks or is no longer needed? In Njau, Gambia, people simply dropped the bags and went on their way. One plastic bag became two. Then ten. Then a hundred. The bags accumulated in ugly heaps alongside roads. Water pooled in them, bringing mosquitoes and disease..." - *Publisher*

### Bag in the Wind

by Ted Kooser

"One cold morning in early spring, a bulldozer pushes a pile of garbage around a landfill and uncovers an empty plastic bag -- a perfectly good bag, the color of the skin of a yellow onion, with two holes for handles -- that someone has thrown away. Just then, a puff of wind lifts the rolling, flapping bag over a chain-link fence and into the lives of several townsfolk..." - *Publisher*

### Nature Recycles How About You?

by Michelle Lord

From sea urchins in the Atlantic Ocean to bandicoots on the Australian savanna, animals recycle all over the world. Explore how different animals in different habitats use recycled material to build homes, protect themselves, and get food. This fascinating collection of animal facts will teach readers about the importance of recycling and inspire them to..." - *Amazon.ca*

### Ada's Violin: the Story of the Recycled Orchestra of Paraguay

by Susan Hood

"Tells the true tale of an orchestra made up of children playing instruments built from recycled trash called the 'Recycled Orchestra of Paraguay.'" - *Follett*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Picture Book Format

### The Soda Bottle School: a True Story about Recycling, Teamwork, and One Crazy Idea by Laura Kutner

"The villagers had tried expanding the school, but the money ran out before the project was finished. No money meant no materials, and that meant no more room for the students. Then one person got a wonderful, crazy idea: Why not use soda bottles, which were readily available, to form the cores of the walls? Sometimes thinking outside the box --or inside the bottle--leads to the perfect solution."

- Publisher

### Here comes the Garbage Barge!

by Jonah Winter

"In the spring of 1987, the town of Islip, New York, with no place for its 3,168 tons of garbage, loads it on a barge that sets out on a 162-day journey along the east coast, around the Gulf of Mexico, down to Belize, and back again, in search of a place willing to accept and dispose of its very smelly cargo." - Follett

### The Lorax by Dr. Seuss

"Long before "going green" was mainstream, Dr. Seuss's Lorax spoke for the trees and warned of the dangers of disrespecting the environment. In this cautionary rhyming tale (printed on recycled paper) we learn of the Once-ler, who came across a valley of Truffula Trees and Brown Bar-ba-loots, and how his harvesting of the tufted trees changed the landscape forever." — Publisher

### The Wump World

by Bill Peet

"The Pollutians, having made their own planet unlivable, arrive on Wump World and proceed to destroy the small planet, forcing the peaceful Wumps to take refuge underground." — Follett

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Picture Book Format

### All That Trash: The Story of the 1987 Garbage Barge and our Problem with Stuff

by Meghan McCarthy

"A garbage barge that can't find a place to welcome it sparks a recycling movement in the United States in this smart and smelly picture book from the author of Earmuffs for Everyone." — *Publisher*

### Recycle Every Day!

by Nancy Elizabeth Wallace

"When Minna has a school assignment to make a poster about recycling, her entire rabbit family spends the week practicing various kinds of recycling and suggesting ideas for her poster." — *Follett*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Waste & Recycling

### Waste (Series: Global Issues)

by Debbie Nevins

"Describes how the Earth is becoming covered in waste and garbage, and examines the different types of waste, dealing with it, and some ways of preventing it."

— Follett

### Waste Disposal (Series: Earth's Environment in Danger)

by Adrienne Wheeler

"This book highlights the different types of waste disposal, the problems associated with each, and methods some countries have developed to mitigate problems caused by waste disposal." — Publisher

### The Hidden World of Garbage: Multi-Digit Numbers

by Katie McKissick

"Learn what happens to garbage and recycling after it is discarded. This nonfiction math reader combines math and literacy skills, and uses practical examples of problem solving to teach math and reading content."

— Publisher

### Recycling and Waste

#### (Series: Global Citizens: Environmentalism)

by Ellen Labreque

"In Recycling and Waste, the text and photos look at the history, basic philosophies, and geography of this environmental issue." — Publisher

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Waste & Recycling

### Recycling and Upcycling (Series: Calling All Innovators)

by Steven Otfinoski

"Looks at the waste that humans produce, from leftover food to broken technology, and examines the careers within the field of recycling." — Follett

### What a Waste! Where Does Garbage Go?

by Claire Eamer

"Explores the history of garbage from earliest times to today, covering subjects including dumps, human waste, water pollution, "problem" garbage, and modern "throwaway" culture." — Publisher

### This Book Stinks! Gross Garbage, Rotten Rubbish, and the Science of Trash

by Sarah Wassner Flynn

"Get up close and personal with a wonderful world of waste. From composting and recycling, to landfills and dumps, to how creative people are finding new ways to reuse rubbish." — Publisher

### Garbage Gorgers of the Animal World (Series: Disgusting Creature Diets)

by Jody Sullivan Rake

"Gulls and goats are just two of the creatures that love to eat trash. Garbage is a gross part of the diet of creatures all over the world. Readers will learn about these diets and other disgusting facts that will make them say, eww, gross!" — Publisher

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Waste & Recycling

### Garbage: Investigate What Happens When You Throw It Out with 25 Projects

by Donna Latham

"Prompts readers to think about the choices they make that generate garbage, looks at ways to reduce, reuse, and recycle, discusses the history of garbage, and includes twenty-five projects." — *Follett*

### Get a Job at the Landfill (Series: Get a Job)

by Joe Rhatigan

"Fictional character Jeremiah Oliver Baumgartner (Job, for short) introduces readers to a wide variety of opportunities found (through his adventure and misadventures) at a landfill." — *Publisher*

### Garbage Can (Series: Look Inside)

by Louise Spilsbury

"Look inside a garbage can and discover a world of inhabitants! A close look at this microhabitat reveals an unbelievable variety of organisms." — *Publisher*

### Series: Keeping Cities Clean

Published by Riverstream

Titles:

Follow That bottle! A Plastic Recycling Journey

Follow That Garbage! A Journey to the Landfill

Follow That Paper: A Paper Recycling Journey

Follow that Tap Water! A Journey Down the Drain

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Waste & Recycling

### Recycling, Reusing, and conserving (Series: Global Guardians) by Devi Puri

"Provides readers with an in-depth look at the importance of recycling and conserving. They'll learn the different methods people use to recycle and conserve resources and the impact these efforts have on Earth. Most importantly, they'll learn what they can do to protect our planet." — *Publisher*

### Recycling (Series: Green Planet)

by Rebecca Pettiford

"Early fluent readers learn about how everyday products and packaging can be broken down and reconstructed into new items. Vibrant, full-color photos and carefully leveled text engage young readers as they learn about the science behind recycling." — *Publisher*

### Trash Revolution: Breaking the Waste Cycle

by Erica Fyvie

"All the stuff that surrounds us has a life cycle: materials are harvested, the stuff is made and distributed, it's consumed and then it gets trashed or recycled. Using the typical contents of a child's school backpack (defined as water, food, clothing, paper, plastic, metals, electronics), this book explores those stages in detail, including lots of ways to reduce, reuse or recycle waste along the way." — *Publisher*

### Recycling Materials (Environmental Issues)

by Gemma McMullen

"An introduction to recycling, showing what items can be made from recycled paper, metals, plastics, glass, and more." — *Follett*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Waste & Recycling

### Eco-Fun: Great Projects, Experiments, and Games for a Greener Earth

By David Suzuki

"Kids will discover their connection with nature and have fun by doing these amazing science-based activities. They can build a solar panel, make recycled paper, build a worm composter and create a forest ecosystem in a jar." — *Publisher*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## *Non-fiction: Crafts from Recycled materials*

### Earth-Friendly Crafts from Recycled Stuff in 5 Easy Steps

by Anna Llimos Plomer

"Make creatures and toys from common plastic items! Transform ordinary household items into creative crafts in just five easy steps!" — *Publisher*

### Scrapkins : Junk Re-Think Amazing Creations You Can Build from Junk!

by Brian Yanish

"Using materials that people throw away (empty milk cartons, cereal boxes, bottle caps, and the like), these crafty creatures make new things that are useful--they're the ultimate recyclers." — *Follett*

### Trash Talk: Moving Toward a Zero-Waster World

by Michelle Mulder (Series: Orca Footprints)

"Trash Talk digs deep into the history of garbage, from Minoan trash pits to the Great Pacific Garbage Patch, and uncovers some of the many innovative ways people all over the world are dealing with waste."  
— *Publisher*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Water Pollution

### Every Last Drop: Bringing Clean Water Home

by Michelle Mulder

"Looks at why the world's water resources are at risk and how communities around the world are finding innovative ways to quench their thirst and water their crops." — *Publisher*

### Ocean Champions: A Journey Into Seas of Plastic

by Michelle Mech

"Tells a tale of two children, Kai and Morgan, who are playing on a beach and make friends with Botley, a plastic bottle who is afraid of being washed into the ocean. They soon discover a dolphin tangled in fishing net and call a rescue centre for help." — *Amazon*

### Plastic Ahoy! Investigating the Great Pacific Garbage Patch

by Patricia Newman

"Follows a team of researchers investigating the great Pacific garbage patch, and examines the effects of plastic waste on marine life." — *Follett*

### The Great Pacific Garbage Patch (Series: Ecological Disasters)

by Laura Perdew

"This title explores the science behind ocean currents and plastic's chemical composition to explain the threat trash, especially plastic, poses for the world's oceans, and considers actions people and governments can take to try to improve the situation." — *Publisher*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Water Pollution

### **Bringing Back Our Oceans (Series: Conservation Success Stories)** by Carol Hand

"Explains why oceans are at risk and how people are combating plastics pollution, restoring marine biodiversity, and preserving our oceans for future generations. This title also explores the science behind ocean ecosystems and ocean currents." — *Publisher*

### **Melting Glaciers, Rising Seas (Series: Taking Earth's Temperature)**

by Tara Haele

"A region's climate affects nearly every part of animals' and peoples' lives. Learn about how humans contribute to climate change and what you can do to help limit its effects." — *Publisher*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: *Garbage in Space*

### Garbage in Space (Series: Space Discovery Guides)

by Margaret J. Goldstein

"This book explores the problem of space junk that clutters outer space and details the ways in which NASA and other organizations are trying to deal with and solve this problem." — *Publisher*

### Space Garbage (Series: Objects in Space)

by Ruth Owen

"An exploration of space debris, discussing how it accumulates, its potential to damage spacecraft, what can be done about it, and other related topics." — *Follett*

# Waste Management

Selected by Doug David, Samantha Hanevich, Geoff Manning, Debbie Nelson, Joan Pearce, Naomi Radawiec, Sara Wain & Carol Walters as part of a SD71/CVRD Waste Management Project

## Non-fiction: Composting

### What's Sprouting in My Trash? A Book About Composting

by Esther Porter

"You can't recycle a banana peel . . . can you? Learn about how composting your food scraps, egg cartons, and other wastes helps make Earth a greener place."

— *Publisher*
