

## 2022-23 Minecraft Challenge: Secondary Rubric

	<b>Emerging (1)</b>	<b>Developing (2)</b>	<b>Proficient (3)</b>	<b>Extending (4)</b>	<b>Score</b>
<b>Information / Design</b> <ul style="list-style-type: none"> <li>• World location</li> <li>• Future solutions for food &amp; water</li> <li>• Transportation</li> <li>• Pollution</li> </ul> <b>PERFECT CITY</b>	<ul style="list-style-type: none"> <li>• Limited Details are incorporated – no research evident</li> <li>• Irrelevant or unrealistic elements</li> <li>• Submission doesn't address the theme</li> </ul>	<ul style="list-style-type: none"> <li>• Some details are incorporated</li> <li>• Shows some evidence of research on the topics</li> <li>• Submission somewhat addresses the theme of futuristic <b>perfect city/biome</b></li> </ul>	<ul style="list-style-type: none"> <li>• Details are incorporated that have an emphasis on positive social or environmental impact</li> <li>• Evidence of research is present</li> <li>• Submission addresses theme of futuristic <b>perfect city/biome</b></li> </ul>	<ul style="list-style-type: none"> <li>• Clear evidence of researching the topic and solutions before building</li> <li>• Information is presented accurately</li> <li>• Elements are realistic and/or cutting-edge solutions</li> <li>• Submission addresses theme of futuristic <b>perfect city/biome</b></li> </ul>	
<b>Originality &amp; Creativity</b>	No design elements are used	<ul style="list-style-type: none"> <li>• Two design elements are used</li> <li>• Design elements used detract from the theme</li> </ul>	<ul style="list-style-type: none"> <li>• Four design elements are used</li> <li>• Some design elements may detract from overall theme</li> </ul>	<ul style="list-style-type: none"> <li>• Uses at least 5 design elements to construct the build</li> <li>• Design elements contribute to the overall theme</li> </ul>	
<b>Oral Presentation</b>	Flip presentation was not properly delivered. Elements, areas and descriptions were not discussed video. It lacks important explanations as to the importance and purpose of the build.	Flip presentation was delivered somewhat well but not in a consistently effective manner. Not all elements, areas and descriptions were discussed in the video. It lacks impactful explanations as to the importance and purpose of the build	Flip presentation was properly delivered, and all elements, areas and descriptions explained in the video.	Flip presentation and walk-through was skillfully delivered, with all important elements, areas and their descriptions covered during the video. Explanation on the build's purpose, who it is for and why it is needed and the special features that are amazing to the builder's perspective were effectively conveyed. The presenter was well-articulated, and ideas were clearly expressed.	

### Design Elements ideas

Switches  
 Railway/minercart  
 Red Stone  
 Solar Panels  
 Sign use to create doors under water that do not let in water

Loom use (banners)  
 Chemistry table use  
 Pressure Plates  
 Teleport to sections  
 Chalkboards

NPC character guide  
 Heat blocks (use crafting table) generator  
 Book and Quill  
 Beehives
