

Woodwork 8 Student Assessment 2024

Name: _____

Date: _____

The ability to be honest with yourself is more important than any grade you will ever receive. It empowers you with the ability to see what you are doing well and identify areas where you can improve. It allows you to see strengths as successes and weaknesses as opportunities.

Self-evaluate by checking the honest and accurate achievement level for the following learning “targets”

** learning targets not attempted are to be left blank **

General Skills/Knowledge

Self - assessment	Emerging	Developing	Proficient	Extending
	Initial Understanding/Ability	Partial Understanding/Ability	Complete Understanding/Ability	Exceptional Understanding/Ability
Demonstrate Safe Work Practices (<i>wears safety glasses, clamps properly on the drill press, guards on machines correct, no horsing around, etc</i>)	Opportunity for growth. Little regard to safe work practices demonstrated. Immediate improvement in this area is essential!	Opportunity for growth. Reminders needed, at times, to maintain safe work practice (Wearing safety glasses, using guards properly, horsing around, etc)	Area of strength. Consistently demonstrates conscientious safe work practices. Good job!	Area of strength. Always maintains standards for safe work practices for self and around others. Exceptional awareness demonstrated!
Understand & follow procedures/video instructions	Opportunity for growth. Little attention given to receiving instruction and or following written procedures or video tutorials. Improvement in this area would greatly assist with efficiency.	Opportunity for growth. Needs frequent assistance despite having received instruction and/or written procedures or video tutorials. May not want to follow them constantly.	Area of strength. Asks questions when appropriate, actively listens to instruction and make good effort to follow provided procedures (video or written). Good job!	Area of strength. Rarely needs assistance. Listens very well to instruction and carefully follows written procedures. Excellent work!
Use of time (focus, on task)	Opportunity for growth. Rarely on task, much assistance needed to maintain focus.	Opportunity for growth. Improvement in this area would be of benefit as it would improve task completion.	Area of strength. On task most of the time. Little, if any, prompts required.	Area of strength. Always on task. Excellent use of time and had extra time to complete other projects!
Task completion	Opportunity for growth. Tasks started, but none completed.	Opportunity for growth. Main tasks (lantern & Gumball Machine) both not completed.	Area of strength. All assigned tasks completed. Great work!	Area of strength. All tasks, completed. Extra work undertaken. Excellent job!

Answer the Following

1) What are 1-2 things that you felt you have done well in relation to General Skills/Knowledge?

2) What are 1-2 things you would/could do differently or improve on next time?

Building/Making (Gumball Machine)

<i>Self - assessment</i>	<i>Emerging</i>	<i>Developing</i>	<i>Proficient</i>	<i>Extending</i>
	Initial Understanding/Ability	Partial Understanding/Ability	Complete Understanding/Ability	Exceptional Understanding/Ability
Layout & Drill Holes	Opportunity for growth. Holes were in the wrong place and the gumball does not come out.	Opportunity for growth Holes not 100% lined up Gumball come out but not smoothly (have to shake it or wiggle the nose)	Area of strength Holes not 100% lined up but the Gumball comes out smoothly. Good Work!	Area of strength. Holes 100% lined up and the Gumball comes out 100% smoothly. Awesome!
Cutting pieces	Opportunity for growth Minimal effort was made to cut pieces (minimum was 8), pieces do not reflect what they are supposed to be.	Opportunity for growth Many pieces cut out, but shapes do not reflect what they are supposed to be.	Area of strength. Many pieces cut out and they reflect what they are supposed to be. Good job!	Area of strength. Many pieces cut out and they look exactly what they should be.
Sanding the project	Opportunity for growth. Large scratches in the wood. Machine cut marks never sanded, and the edges of the wood are rough. Not Sanded	Opportunity for growth. Some scratches or machine marks still in the wood but minimal attempt to get rid of them.	Area of strength. The odd scratch or machine mark remains, the edges are smooth and a good attempt was put in to get rid of scratches and/or marks	Area of strength. Absolutely no scratches in the project and an excellent effort!
Applying the finish (How well did you paint)	Opportunity for growth. Painting rushed, globs of paint, areas not painted, didn't let paint dry before painting other colours.	Opportunity for growth. Painted, but the appearance makes it look rushed, colours bleed, streaks, etc.	Area of strength. Painting is well thought out, colours make it look good, no streaks, good coverage and paints don't bleed into each other (waited for paint to dry)	Area of strength. Painting is exceptional and it enhances the final product to the point it could be sold in a store. Amazing!
Effectiveness of Final Design – WOW factor	Opportunity for growth. Incomplete project.	Opportunity for growth. Project completed but reflects minimal or marginal effort. Might not be able to immediately know what it is (Theme).	Area of strength. Design is well thought out, it will be immediately recognized as to what it is. Good work!	Area of strength. Design reflects exceptional effort. End product is the 'WOW-factor' through time/effort. Great work!

Answer the Following

3) What are 1-2 things that went well on your project/what are you proud of?

4) What are 1-2 things you would/could do differently or improve on next time?
