Professional Learning Communities often take up to three years to fully mature and produce consistent results in student learning. The next 2 questions seek to determine where you feel we are on the spectrum of PLC development. Please consider the STAIRS model and following quote, and choose a category below that best describes where your team/school was situated in relation to the definition at the beginning of the year?

"An effective professional learning community has the capacity to promote and sustain the learning of all professional and other staff in the school community with the collective purpose of enhancing pupil learning." (Creating and Sustaining Effective Professional Learning Communities, Louise Stoll et al, 2005, p 181)

a developing professional learning community (nearly achieved all the steps)

Where do you feel your group fit on this continuum at the end of the year. At the end of the year our team was:

a developing professional learning community.

Where would you say your team is currently located on the Action Research wheel? (See Action Research model above:

2. Acting/Implementing

INFORMATION ABOUT YOUR PLC INQUIRY

1. Planning: What is/was your Inquiry Question?

How to create a more positive school culture at Highland.

2. To what student need are/were you responding?

Support students moving from emotional disconnect to emotional and community connect.

3. ACTING: What actions/interventions/strategies did you or will you implement or explore?

Volunteer activities. Cooking chili once per week using sustainable dishware (Advantage students). Improving the look of the school. Examining AG and its role in the community. looking at training teachers through community contributors to help identify student disconnection.

3a. What resources, materials, links, tools, experts, or research did you use?

Please provide details so others may easily access those same resources in their similiar inquiries.

In the process of gathering.

3b. Did you co-create any new tools, assessments, resources or materials?

Not yet.

Variable	Response
i. If so, for what grade level or subject area are they best suited?	(No response)
ii. If they are accessible for other educators to use, where are they located?	(No response)

4. OBSERVING: What are/were the results of your inquiry/implementation/project?

Not there yet. Next year.

5. What types of information/observations/data did you monitor or collect to confirm your intervention is/was working?

Next year.

6. How did your project improve student learning? If you are just starting, in what ways do you anticipate your project will improve student learning?

Already, students are responding positively to the chili and noticing a positive influx of energy. Ecoteam and garden club starting to flourish.

7. REFLECTING: What are/were some of the highlights of your PLC journey so far? What worked well?

Working together as professionals with a common goal that we generated.

8. What are/were some of the challenges? (By sharing this information, we are better able to identify needed resources, guides or solutions)

Time and money.

9. What might be helpful to have/know/do next time in order to improve results or move forward?

This is ongoing so can't reflect on this yet.

10. What are your next steps, moving forward? (i.e. Continue on same project, adapt or expand the project or start on a new focus area/project)

We will continue next year. The scope will grow.

Thank you for your time and for sharing your insights, resources and learning with your colleagues and the educational community.

What's next? We will keep you informed as to where the collection of responses may be accessed, ideally by late May or Early June. It was asked that we have the results of this form sorted into a key-word searchable format, which requires working with IT to develop an appropriate platform or platforms. Themes will also be pulled from the data and shared district wide. Thank you.
