BACKGROUND INFORMATION

In which school is this PLC team based?

G. P. Vanier Secondary

Who is/was in your group? Please provide names of your team members for the purpose of finding peer contacts for future projects. If possible, please include grade or subject each member teaches, separated by commas: (i.e Chris Brown, Gr 8 math, Sue White, LST)

Variable

Response

Who is/was in your group? Please provide names of your team members for the purpose of finding peer contacts for future projects. If possible, please include grade or subject each member teaches, separated by commas: (i.e Chris Brown, Gr 8 math, Sue White, LST) | 1

Dave Weiss, Math 10-11.
Crosby Mtwali,
Math/Science 8-11

If possible, please provide a key contact person(s) who would be willing to answer questions about your project in the event that another educator or group wants to pursue a similar inquiry.

Professional Learning Communities often take up to three years to fully mature and produce consistent results in student learning. The next 2 questions seek to determine where you feel we are on the spectrum of PLC development. Please consider the STAIRS model and following quote, and choose a category below that best describes where your team/school was situated in relation to the definition at the beginning of the year?

"An effective professional learning community has the capacity to promote and sustain the learning of all professional and other staff in the school community with the collective purpose of enhancing pupil learning." (Creating and Sustaining Effective Professional Learning Communities, Louise Stoll et al, 2005, p 181)

working to re-establish what we had previously achieved as a professional learning community (starting on 2nd cycle from last year's inquiry)

Where do you feel your group fit on this continuum at the end of the year. At the end of the year our team was:

starting the journey to becoming a professional learning community.

Where would you say your team is currently located on the Action Research wheel? (See Action Research model above:

3. Observing/data gathering

INFORMATION ABOUT YOUR PLC INQUIRY

1. Planning: What is/was your Inquiry Question?

Can we improve engagement in AW Math 11 by implementing a more hands-on final assessment project?

2. To what student need are/were you responding?

engagement

3. ACTING: What actions/interventions/strategies did you or will you implement or explore?

We have created a project related to a few of the core outcomes of the course.

3a. What resources, materials, links, tools, experts, or research did you use?

Please provide details so others may easily access those same resources in their similar inquiries.

used a software program to help students draw their own house plans. We also used a number of web-sites to investigate building costs and materials.

3b. Did you co-create any new tools, assessments, resources or materials?

We created all the forms/criteria for the project.

Variable	Response
i. If so, for what grade level or subject area are they best suited?	Grade 11 AW Math
ii. If they are accessible for other educators to use, where are they located?	(No response)

4. OBSERVING: What are/were the results of your inquiry/implementation/project?

Yet to be completed. Students will get a chance to try it at the end of this term.

5. What types of information/observations/data did you monitor or collect to confirm your intervention is/was working?

TBD

6. How did your project improve student learning? If you are just starting, in what ways do you anticipate your project will improve student learning?

TBD

7. REFLECTING: What are/were some of the highlights of your PLC journey so far? What worked well?

The collaboration to build the project was extremely productive and rewarding.

8. What are/were some of the challenges? (By sharing this information, we are better able to identify needed resources, guides or solutions)

(No response)

9. What might be helpful to have/know/do next time in order to improve results or move forward?

(No response)

10. What are your next steps, moving forward? (i.e. Continue on same project, adapt or expand the project or start on a new focus area/project)

Finish/revise this project as needed and look at other areas to focus on next year.

Thank you for your time and for sharing your insights, resources and learning with your colleagues and the educational community.

What's next? We will keep you informed as to where the collection of responses may be accessed, ideally by late May or Early June. It was asked that we have the results of this form sorted into a key-word searchable format, which requires working with IT to develop an appropriate platform or platforms. Themes will also be pulled from the data and shared district wide. Thank you.
