

Say Hello to Makey Makey

What is Makey Makey?

How do I share Makey Makey with my students?

How do I make Makey Makey work?

Kara Dawson & Carol Walters

What does Makey Makey do?

Applied Design, Skills, and Technologies K 1 2 3

Big Ideas

Designs grow out of natural curiosity.

Skills can be developed through play.

Technologies are tools that extend human capabilities.

Applied Design, Skills, and Technologies 4 5

Big Ideas

Designs can be improved with prototyping and testing.

Skills are developed through practice, effort, and action.

The choice of technology and tools depends on the task.

Applied Design, Skills, and Technologies 6 7

Big Ideas

Design can be responsive to identified needs.

Complex tasks require the acquisition of additional skills.

Complex tasks may require multiple tools and technologies.

Learning Standards

Curricular Competencies

K 1 2 3

- ⇒ Ideating
- ⇒ Making
- ⇒ Sharing

4 5 6 7

- ⇒ Understanding Context
- ⇒ Defining
- ⇒ Ideating
- ⇒ Prototyping
- ⇒ Testing
- ⇒ Making
- ⇒ Sharing

◆ Computational Thinking

- simple algorithms that reflect computational thinking
- visual representations of problems and data
- evolution of programming languages
- visual programming

◆ Robotics

- a robot is a machine capable of carrying out a complex series of actions automatically
- uses of robotics
- main components of robots: sensors, control systems, and effectors
- various ways that objects can move
- programming and logic for robotics components
- various platforms for robotics

Science 9

Electric current is the flow
of electric charge.

Content

◆ **circuits** — must be complete for electrons to flow

Relax . . . Breathe . . . These pages will really help!

What is Makey Makey?

Makey Makey is an invention kit for the 21st century. Turn everyday objects into touchpads and combine them with the internet. It's a simple Invention Kit for beginners and experts doing art, engineering, and everything in-between.

How do I Make Makey Makey Work?

Choose your learning style. Some people like to jump right in; Others take a more cautious approach. Watching your students tackle Makey Makeys will give you another lens into their learning style.

Jump in!

Some learners are fearless. Let them jump into this technology! They'll figure it out through trial and error.

How do I Make Makey Makey Work?

The Perfectionist:

Some learners will want to dot their 'i's and cross their 't's before trying to make Makey Makey work. And that's just fine too! There's a user manual that comes with Makey Makey. Some students might like to read through it before getting started.

There are also lots of videos to get started,

<https://www.youtube.com/watch?v=rFQqh7iCcOU>

Getting Started with MaKey MaKey

The following link provides lots of basics to get started.

Plug in.

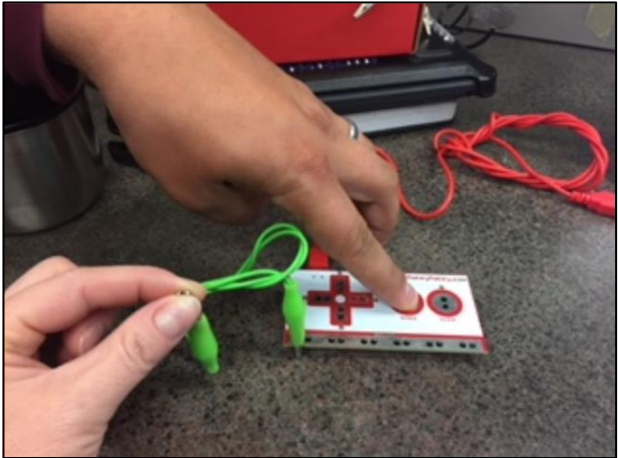

Connect.

Play!

<https://makeymakey.com/how-to/classic/>

Getting Started with the Makey Makey:

1	Plug the smaller end of the red cord into the Makey Makey and the larger USB end into the computer.	
2	If a pop-up window comes up telling you your computer is installing drivers, close the window.	
3	At the bottom of the Makey Makey you will see the label Earth with sets of holes underneath it. Connect one of your alligator clips to one of the holes on Earth .	
4	Now if you hold the other end of that alligator clip, the Makey Makey is grounded. If you touch the circle on the Makey Makey, the cursor on your computer should move forward as though you are touching the space bar.	

Now Try Fruit

1

Now try hooking another alligator clip to the two holes in the Space circle.

2

Hook the other end of the alligator clip to a piece of fruit

3

Now when you touch the fruit, the cursor on your computer should move forward as though you are touching the space bar.

4

Visit the Makey Makey website:

<https://makeymakey.com/apps/>

5

Open one of the apps and try using your Makey Makey to make music.

Apps to Use with Makey Makey

[Click here to skip to Makey Makey GO apps](#)

Bongos
Play some bongo drums with the space bar and left arrow. Turn anything into a drum!

Piano
A piano designed for Makey Makey. Play a melody with the arrow keys and space bar (and click, too).

MK-1
A sampling synth for Makey Makey. Record your own sound, use preset scales, and set the keys to play just the notes you want.

Canabalt
This is a running game, with just one button: press the space bar to jump, or invent your own way.

Scratch Piano
This is a piano you can play with the arrow keys. It was created using Scratch, an easy-to-use graphical programming language, so you can remix it and make your own version.

Tetris
You can play this Tetris game with the arrow keys... or make your own custom controller.

Sound Effects
This page turns your keyboard into a sound effects machine. By connecting to the letters on the back of your Makey Makey, you can create your own way to trigger sounds.

Some ideas-What can I do with the Makey Makey?

For lot of ideas and to see how other classes are using the Makey Makey, please visit the gallery on the Makey Makey page:

<https://labz.makeymakey.com/remixes>

Here are some other ideas with lesson plans:

IDEA	What is it?	Link to a lesson plan
Create a piano	In this lesson you use 6 bananas to make a six-key piano with the Makey Makey. You can make many different types of instruments-this is a great introduction.	http://librarymakers.net/piano-keyboard-makey-makey
Makey Makey Game Controller Challenge	Students (Grades 5 and up) create games in Scratch and then use the Makey Makey to create game controllers.	https://makeymakey.com/lessons/game-controller-challenge/
Makey Makey Science and Math Classify and Sort Lesson Plan	Students (Grades 5-9) can create a classifying and sorting game for shapes and angles.	https://makeymakey.com/lessons/sort-and-classify-lesson/
Simple Circuit Challenge	Students use the Makey Makey to learn simple circuits, parallel circuits and switches by completing challenge cards.	https://labz.makeymakey.com/cwists/preview/559-simple-circuits-challengex
Hacking Poetry with Makey Makey	Students will create visuals to go with poetry. Then they record their voice in Scratch reading the poem and use the Makey Makey to have the listeners press on the visuals to hear parts of the poem.	https://colleengraves.org/2016/12/01/resource-hacking-poetry-with-makey-makey/ https://docs.google.com/document/d/1325ICUC2iW68YZv_LdE8vloOkIPa6j-pqqd14kuG9z0/edit
Jar Jar Keys	Students create a musical project with jars and water and the Makey Makey.	https://makeymakey.com/guides/jar.php

Makey Makey Educators Guide - https://makeymakey.com/education/Makey_Makey_Educators_Guide.pdf

How do I Make Makey Makey Music?

The Perfectionist:

Check out videos to show how music can be made using the Makey Makey.

<https://www.youtube.com/watch?v=wkP+9MYqDWO>

What materials work with Makey Makey ?

The Perfectionist will research this before trying.

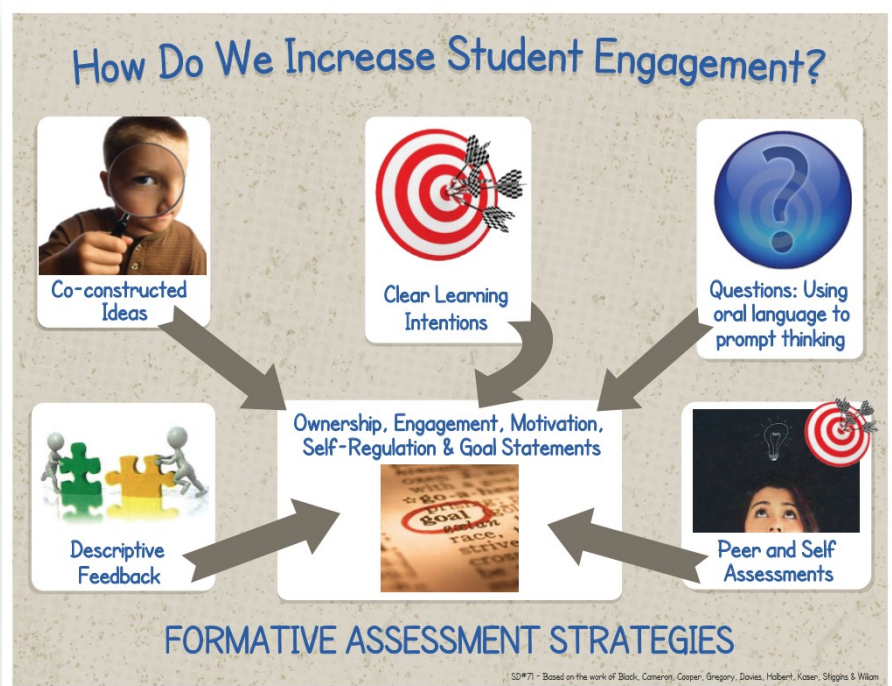

The jumper will jump right in and see what happens!

Any material that can conduct at least a tiny bit of electricity will work. Here are some materials people have used in our workshops including Ketchup, Pencil Graphite, Finger Paint, Lemons, etc.:

Other materials that work great: Plants, Coins, Your Grandma, Silverware, Anything that is Wet, Most Foods, Cats and Dogs, Aluminum Foil, Rain, and hundreds more...

How can we work cooperatively together so that everyone can learn?

How can we make sure that we are curious throughout this work?

I can work with others to design creative ways to program the Ma-key Ma-key.

What does positive, descriptive feedback sound like?

Makey Makey

Writing Opportunities ...

Please, please provide opportunities for your students to write about Makey Makeys. Their writing can take on several formats:

- A makey Makey story,
- (fictional narrative)
- Create Makey Makey directions (procedural writing)
- Write in role pretending you are a Makey Makey
- Write lyrics to accompany your Makey Makey music.

There are so many possibilities. The Makey Makeys will provide experiences that will fuel writers.

SAMPLE "I" STATEMENTS

- I get ideas when I play. My ideas are fun for me and make me happy.
- I can get new ideas or build on other people's ideas, to create new things within the constraints of a form, a problem, or materials.
- I generate new ideas as I pursue my interests.
- I get ideas that are new to my peers.
- I can develop a body of creative work over time in an area I'm interested in or passionate about.

1. Novelty and value

CREATIVE THINKING Competency Profiles

SAMPLE "I" STATEMENTS

- I get ideas when I use my senses to explore.
- I build on others' ideas and add new ideas of my own, or combine other people's ideas in new ways to create new things or solve straightforward problems.
- I deliberately learn a lot about something (e.g., by doing research, talking to others or practicing a skill) so that I am able to generate new ideas or ideas just pop into my head.
- I have deliberate strategies for quieting my conscious mind (e.g., walking away for a while, doing something relaxing, being deliberately playful) so that I can be more creative.
- I have interest and passions that I pursue over time.

2. Generating ideas

Core Competencies

SAMPLE "I" STATEMENTS

- I make my ideas work or I change what I am doing.
- I can usually make my ideas work within the constraints of a given form, problem, and materials if I keep playing with them.
- I build the skills I need to make my ideas work, and usually succeed, even if it takes a few tries.
- I use my experiences with various steps and attempts to direct my future work.
- I can persevere over years if necessary to develop my ideas. I expect ambiguity, failure, and setbacks, and use them to advance my thinking.

3. Developing ideas

SOCIAL RESPONSIBILITY Competency Profiles

Core Competencies

SAMPLE "I" STATEMENTS

- With some direction, I can demonstrate respectful and inclusive behaviour.
- I can explain when something is unfair.
- I can advocate for others.
- I take action to support diversity and defend human rights, and can identify how diversity is beneficial for my community, including online.

3. Valuing diversity

SAMPLE "I" STATEMENTS

- With some support, I can be part of a group.
- I am kind to others, can work or play co-operatively, and can build relationships with people of my choosing.
- I can identify when others need support and provide it.
- I am aware of how others may feel and take steps to help them feel included.
- I build and sustain positive relationships with diverse people, including people from different generations.

4. Building relationships
