The recent update of Office 365 on computers with Windows 10 added some very exciting new Accessibility features for both the Desktop apps and Online tools.

Office 365 Desktop applications

Dictate (Speech to Text or Voice to Text)

In the Office 365 Desktop applications Word, PowerPoint, One Note and Outlook the Dictate tool is now included which provides Speech to Text. You can find Dictate...

1. (Word and PowerPoint)

On the Home Tab

- 2. (OneNote) In Learning Tools Tab
- 3. (Outlook) On the Message Tab

To change the language, click on the down arrow on the Dictate tool and select your language. You can find more information on this tool at this link https://support.office.com/en-us/article/Dictate-with-your-voice-in-Office-d4fd296e-8f15-4168-afec-1f95b13a6408
