

Mental Health and Well-Being: Exploring Trauma and Mental Illness Through the Reading of Novels (Intermediate)

Note:

The interest and reading levels listed in this bibliography are those given by the publishers. If the reviewing journals gave a different interest level(s) for a title then this was indicated after the publisher's interest level. I find the interest levels given by the reviewing journals to be more accurate.

The summaries, which are also from the publishers, are to give you a quick overview of each title. Note that some of the titles fit the theme loosely and others more tightly. The titles also range from "light-hearted" to more serious in nature.

If a student needs the support of a digital copy, talk with your Learning Support Teacher, as ARC-BC is able to "rush" order digital titles they don't currently have in their collection. A very small number of the titles may also be available in an audiobook format, accessible through searching in Destiny. Your Teacher-Librarian can help you check for this.

If the LRC has 10+ copies of a title this was listed beside the title to provide you with the further flexibility of bringing in some titles to be used in a lit circle format.
