

United Nations Sustainable Development Goals

Listed below are the UN Sustainability Goals and screen shots of the LRC resources, primary and intermediate, English and French, that fit each goal loosely or more extensively. To determine if the contents of a kit would serve your purposes, I encourage you to look the kit up in Destiny and read the summary, subject headings and contents. Some of the teacher guides for the “official” Science kits (French and English), as well the “official” French Social Studies kits, are also posted to learn71.

Theme lists in English and French, which contain many of the books in the kits listed, have been included below the LRC kits. They are worth browsing to see if there is a particular title or two that fits your purposes well and could be interlibrary loaned in Destiny.

<https://learn71.ca/learning-resource-centre-lrc/>

Six new “Sustainability” kits have just been completed, so be sure to check them out:
