

French Art: Illustrated Word Wall (5A, Unit 1)

Each student chooses a letter/word, and illustrates the word with a picture that emphasizes the letter. Students can choose to be more creative if they want to. See the examples of how the drawing could be simple, or integrated. The posters could go on the wall to create a Word Wall of basic French words. There is a video file showing the pronunciation of each word linked on Learn71.

Chaque élève choisit une lettre/un mot et il dessine une image avec le mot et une emphase sur la lettre. Les élèves peuvent choisir d'être plus créatifs ou plus simples avec leurs dessins. Regarde les exemples ci-dessous. Les affiches peuvent créer un "Word Wall" des mots simples en français.
