

Creating Your *Live It Earth* Teacher Account

FREE RESOURCE FOR FOCUSED EDUCATION MEMBERS

Focused Education Resources received targeted funding to make additional e-resources available without cost to our members from July 2022 – June 2025.

Live It Earth is available for use by French Immersion K-7 and K-7 English teachers. (These resources are in addition to the [BC Digital Classroom collection](#), which is an optional license for members.)

WHO CAN USE THE RESOURCE?

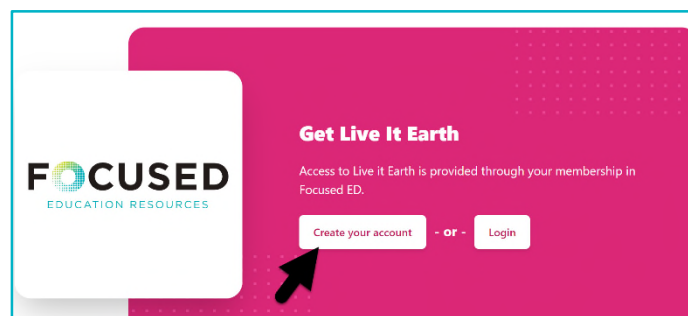

The resources are free to Focused ED members. These are instructional support materials for use by educators.

Student logins can be created anonymously (i.e. Student1, Div5c) by the teacher, to embed links into Teams, Google classroom, Brightspace, etc. for sharing links and materials. Students will not have access to the instructional materials. [Click here for how to set up student accounts.](#)
