

1. U'ligan (OOL-ee-gun) wolf
Elbow over face like a snout, other arm waving (sweeping the grass) like a tail

2. Gwa'wina (Gwa-wee-na) raven

Fists on hips, elbows out like wings, nose in the air (boastful)

3. Wak'es (Wakk-ehs) frog

Because raven is a trickster, he transforms suddenly to frog: frog jumps

4. Tleh (cleh) black bear

Arms out, "clawing" trees, digging in the brush

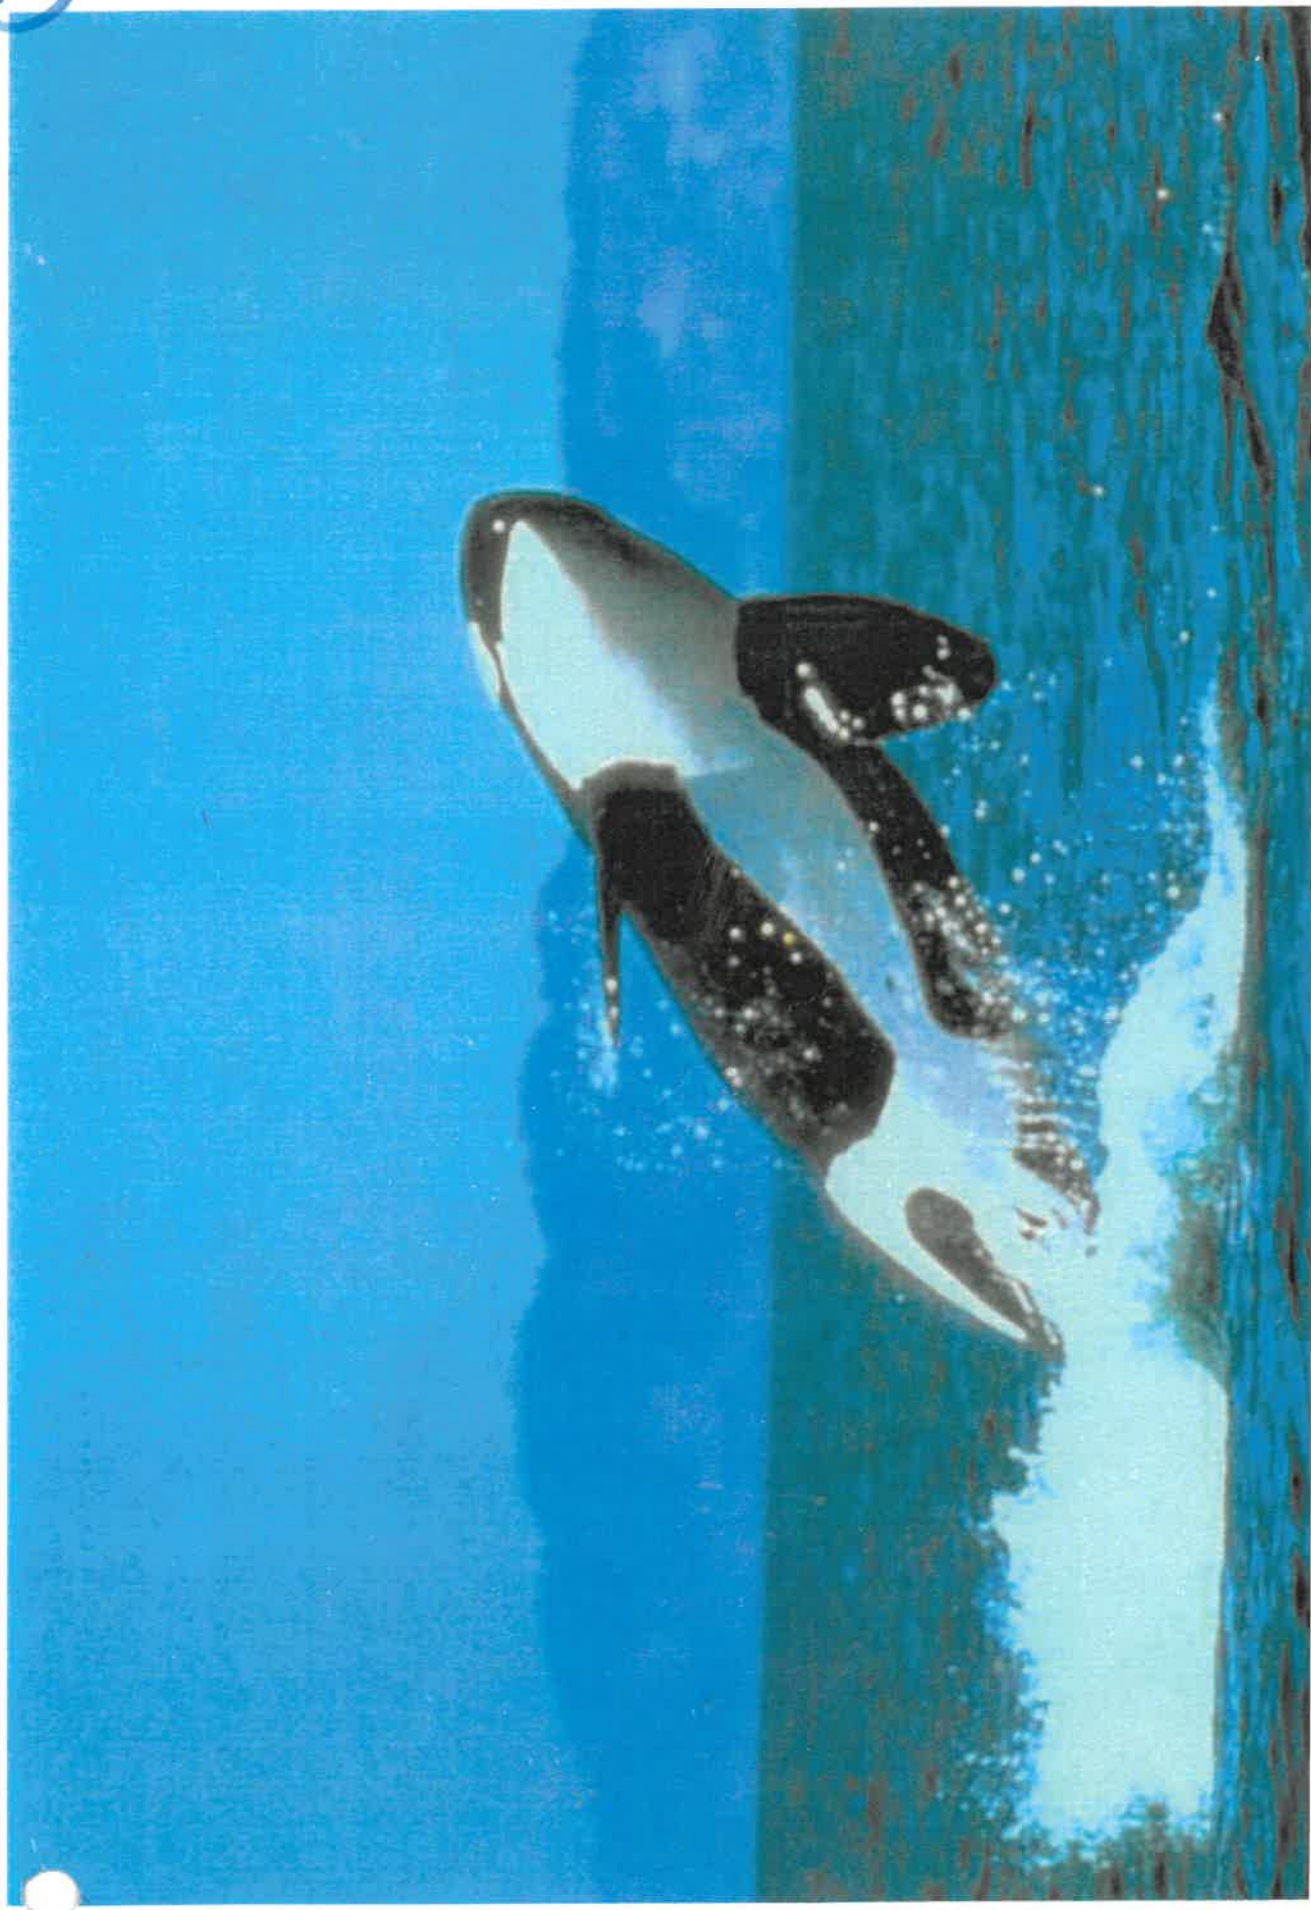

5. Kwikw (Kweek) eagle

Arms out, soaring

6. Kutala (GYU-tell-la) salmon

Palms together, "swimming" motion

7. Max'inux (MAK-ee-noo) orca

Diving motions, with a "shwish" sound

8. Mu'lan (moo-LUN) We are grateful.
Gilakas'la (Gi-la-kas-'la) Thank you

Arms out in giving/receiving stance, slight "bounce" as you move around the circle.
