

2023-24 MINECRAFT CHALLENGE: PRIMARY AND INTERMEDIATE RUBRIC

Criteria	1 - Emerging	2 - Developing	3 - Proficient	4 - Exceeding
Choosing a Place in the Comox Valley (Location)	You picked a place in the Comox Valley, but it's not clear why you chose it for your theme park.	You chose a place in the Comox Valley and explained a little about why it's a good spot for your park.	Your chosen location in the Comox Valley is great for a theme park, and you've explained why it's perfect.	Your chosen location is perfect for a theme park, and you've explained in detail why it's the best spot in the Comox Valley.
Creating a Theme	Your theme park has a basic theme, but it's not very clear or detailed.	Your theme park has a fun theme, and you've started to show it in your design.	Your theme park has a clear, exciting theme that is shown throughout your park.	Your theme park's theme is unique, very well thought out, and it shines in every part of your park.
Designing a Self-Sustaining Park	Your park includes basic self-sustaining features like a small solar panel or a recycling bin.	Your park shows more self-sustaining elements like solar energy panels, wind turbines, or water recycling systems.	Your park demonstrates advanced self-sustaining features, like solar and wind energy, composting, and water conservation.	Your park is a model of sustainability, using features like solar energy, wind power, rainwater harvesting, and zero-waste practices.
Sharing Your Ideas (Oral Presentation)	You give a basic explanation of your theme park. Video walkthrough could be more detailed.	Your explanation is getting better, with a clearer speech and more detailed video walkthrough.	You explain your park well with clear speech and enthusiasm. Walkthrough is detailed, showing the park's operations and features.	Exceptional presentation with very clear and confident speech. Professional video walkthrough, showcasing all features engagingly.
