

NAME _____

DATE _____

Uh-Oh! If ... Then Scenarios

Directions

1. In your "home" group, read your assigned scenario and discuss what could happen if a password were stolen. Jot down your group's answer, and then wait for the teacher's instructions to switch to your "expert" group.
2. In your "expert" group, take turns sharing your "home" group's response. Complete your handout by taking notes on what each presenter shares.

Scenario 1

*Arms forgets their phone on the bus. **IF** someone found it and figured out their password to unlock it, **THEN** what could happen?*

Scenario 2

*Heart writes their email address in their notebook and leaves it open while they go to the bathroom. **IF** someone saw Heart's email address and figured out their email password, **THEN** what could happen?*

Uh-Oh! If ... Then Scenarios

Scenario 3

Legs goes over to their friend Asia's house to play an online video game. After Legs leaves, their gaming profile is still saved. Asia's little brother, Ben, turns on the game and sees it. **IF** Ben figured out Legs' password, **THEN** what could happen?

Scenario 4

Feet's cousin uses the computer at the library to go on social media. **IF** he forgets to log out of his account, **THEN** what could happen?

Scenario 5

Head's grandpa uses an app to share pictures with his family. **IF** someone figured out his password to the app, **THEN** what could happen?
