

How to Screen Cast in Canva

Recording instructions while showing your computer screen is a great way to teach. These instructions will guide you through making screen casts in Canva.

Steps:		
1	<p>Open Canva and click from the home page to start a Video (or Educational Video).</p>	<p>You might want to try...</p>  <p>Education Presentation (1... Educational Video Education Infographic (Un...</p>
2	<p>Click on the Uploads icon on the left.</p>	
3	<p>Click on Record yourself.</p>	
4	<p>In the top right of your screen you can choose if you would like to have a video of yourself on the screen as well (Camera & screen) or just see the screen. Make sure you have the correct camera and microphone.</p> <p>When you click on Screen, you need to choose the window that you would like to record. If you are filming a webpage and have lots of tabs open you will need to pick the right tab as well.</p> <p>Click Share when you are ready.</p>	
5	<p>After you record you can Delete the recording or click in the top right to Save and exit.</p>	
6	<p>Now your recording will be on a slide.</p>
