

308 New Digital Titles in Sora

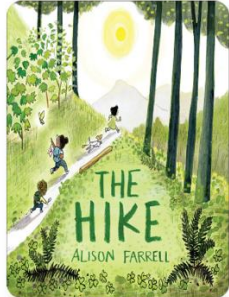

The LRC has added 308 new digital titles to the SORA collection (13 audiobooks and 295 ebooks.) They include picture books, high interest chapter books, as well as non-fiction titles focusing on the interests of K-7 students and the curriculum needs of their teachers.

The new titles currently display under the “New eBook additions” banner and will remain there until other titles are purchased replacing them. Only the first 200 newly purchased titles display here:

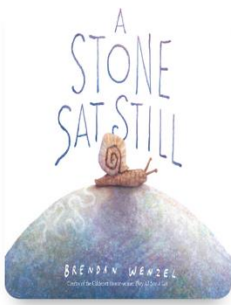

Below are a few of my favourite titles. I hope that you and your students enjoy them as well.
