

Inclusive Education

AAC App Set up for Touch Chat

iPads should initially be locked into Landscape orientation

How:

- Draw down from top right corner to access the control panel, press on the lock once you have it in the landscape orientation.

When starting with a brand-new Vocabulary:

- To choose a new Vocabulary, go to the Vocab section located at the top left corner of the page then decided which WORD POWER vocabulary file to use (typically this is WordPower60SS)
- Customize this vocabulary and rename it 0 – the student's first name and then last name Initial – Month2025 (e.g. **0 - KrisM – Dec2025**)

Touch Chat Settings (accessed through the Menu in the app):
