

# GREEN GETAWAY ECOADVENTURE CHALLENGE PLANNING SHEET

RESORT NAME: \_\_\_\_\_

TERM MEMBERS: \_\_\_\_\_

Where in the world will your resort be built? It must be a real place. For example Cumberland, Hawaii, the Arctic Circle.

What form(s) of energy will power your resort? For example, windmills, solar power, tidal energy...

How does your resort give back to the community? For example donating money, hiring local people...

List your sustainability features (composting, recycling...):

What are the special features and attractions at your resort? (Rides, animals, activities, fun spaces?)

What do guests do when they stay at your resort?  
(Describe a day in the life of a visitor)

List your accessibility features (elevators, wide paths...):

How does your resort help the environment?

On the back of this paper, sketch a rough drawing of what your resort will look like.
