

Discover is a resource designed to support all readers. It provides foundational content on various topics with an emphasis on differentiation. The content is organized for ease of comprehension and vocabulary building.

READING SUPPORT

On the most popular articles, toggle between **two reading levels**: simplified, and detailed. This provides a supported reading experience.

Content is presented in **many different formats**, including tables, maps, websites, videos, and more.

HIGH-INTEREST TOPICS

Did You Know and **Today in History** features change daily to inspire inquiry.

World Book Explains videos feature experts answering questions on topics including Humanities, Math, Science, and Social Studies. Use **Ask Us A Question** to contribute!

LEARNING PRACTICE

Hundreds of age-appropriate **educational games** reinforce learned material and concepts, such as French vocabulary or sentence structure review.

Interactive features supporting the curriculum include **Literature and the Arts, Math, Science, and Social Studies**.

FUTURE SKILLS

The **Life Skills Centre** provides practical tips on applying for jobs, budgeting, housing, health care, social skills, and more.

Learners are supported in navigating the **research process** through tutorials for how to find, evaluate, and organize information as well as cite sources.
