

Editing a Blog Post

- 1 Log in to your website and click **Edit**. Then move your mouse over **Posts** and click on **All Posts**.

- 2 Click on the post that you would like to edit and click on the name of the post to open it. Notice you can also **Duplicate** and **Delete (Trash)** posts here. **Quick Edit** allows you to quickly change the date, title, categories, tags and some other settings.

Quick Edit:
