

Student AI Guidelines: Classroom Pledge & Disclosure Standard

Our Classroom AI Pledge: As a student in SD71, I understand that artificial intelligence is a powerful tool that can support learning, creativity, and critical thinking. However, using AI to bypass authentic learning cheats my own growth.

Classroom Pledge for Student AI Use

Respect Traffic Light Indicators

Students must follow the designated Traffic Light indicator level assigned to every individual classroom assignment.

Submit Only Verified Original Work

Unverified AI-generated text must never be submitted as a student's own work: using AI to bypass authentic learning cheats individual growth.

Protect Personal Privacy

Confidential or private personal data must never be entered into public AI platforms.

Disclose Usage Honestly

Students must proudly and transparently disclose when and how AI tools were utilized to support their learning process.
