SD71 Grade 2
Literacy Assessment
Teacher Guide

Teachers identify and monitor their learners' strengths and needs to ensure continuous growth in literacy. This assessment tool focuses on critical skills that indicate literacy development and is designed for classroom teachers to use at multiple points in the year. Information gathered through the tool informs instructional decisions as part of ongoing teaching and learning cycles throughout the year. In addition, this data collection is useful to pass on to future teachers in support of transitions and for the school to determine literacy goals.

"The school day involves children in joyful, meaningful literacy experiences—creating readers, writers, speakers, listeners and thinkers."

(p. 37 Learning in the Primary Years, Ministry of Education BC)

NOTE: *Please note that this assessment tool focuses on some literacy areas and does not represent a comprehensive literacy learning program. For more information about our district's holistic approach to literacy learning, please see the* ***SD71 Literacy Framework****.*

2026 UPDATE: *In anticipation of the BC Early Literacy Screener being released,* ***our District is mandating that all primary classes use DIBELS as an initial screener tool****, to be completed 3x/year.* ***This District developed assessment is still available for your use but not required.***

It is important for the teacher to administer DIBELS, as it will give you important data for planning your instruction. Additionally, completing it with students allows you to see their capacities with the tasks, and gives them the benefit of having someone they are familiar with sitting beside them.

LITERACY PROFICIENCY SNAPSHOT

	Fall Check In	***Proficiency End of Year***
Phonemic Awareness	• distinguishes medial phonemes • substitutes medial phoneme	
Phonics	• identifies both letter name and common sound • produces the phoneme of 3 or more digraphs • produces the phoneme of 3 or more complex vowels • produces the sound for 6 or more long vowels and vowel teams.	• produces the sound for 5 or more digraphs • produces the sound for 6 or more complex vowels • produces the sound for 8 or more long vowels ***and vowel teams.***
Sight Word Reading	• reads 23 or more of the first column of words	• reads all of column one and 23 or more of column two
Encoding	• spelling screener; first 15 words	• Spelling Screener; all words
Oral Reading Fluency and Comprehension	• reads up to and including #5 with 90% accuracy and fluency level minimum of 4 (prosody scale)	• reads all passages up to #11 with 94% accuracy and with fluency level 4 (prosody scale)

SAMPLE ASSESSMENT TIMELINE

This Sample Assessment Timeline is to help guide your planning for the year.

Friendly Remember: students need repeated teaching and practice with literacy skills to grow their confidence and proficiency. Note that when a child is demonstrating proficiency during classroom literacy routines and activities, there is no need to re-assess them.

*This assessment protocol can be used at any time of year, d**ata entry for District Collection is the end of the first week of November and only includes the Oral Reading Fluency.***

FREQUENTLY ASKED QUESTIONS

1. ***Can I have my LST, or CST assess my students for me?***

   The literacy assessment is designed for classroom teachers to use as part of their teaching, learning and assessment cycle.
   It is important for teachers to know where their students' strengths and stretches are in key literacy skills to inform planning and to scaffold learning to meet the needs of their learners.

2. ***Do I have to assess students all at once?***

   Teachers assess at a variety of times in a variety of ways. It is recommended that teachers chunk the assessment and integrate the components into daily literacy learning routines.

3. ***Do I have to use this assessment if I have my own literacy assessment tools?***

   Note that teacher colleagues have developed this assessment based on research and collaboration with Inclusive and Indigenous Education Departments. A teacher can choose to follow the district provided assessment in addition to administering DIBELS.

4. ***How is the assessment scored?***

   All skills are scored on correct answers. A correct answer = 1 point.

5. ***What do I do if my students are not demonstrating proficiency on a skill(s)?***

   Teaching, Learning and Assessment Cycle:
   - *i. Whole class teaching, and repeated experience practicing the skills*
   - *ii. Assess*
   - *iii. Targeted classroom instruction according to student needs.*
   - *iv. Assess*
   - *v. Targeted classroom instruction and/or consult with school-based team about other interventions that may be necessary*
   - *vi. Assess*

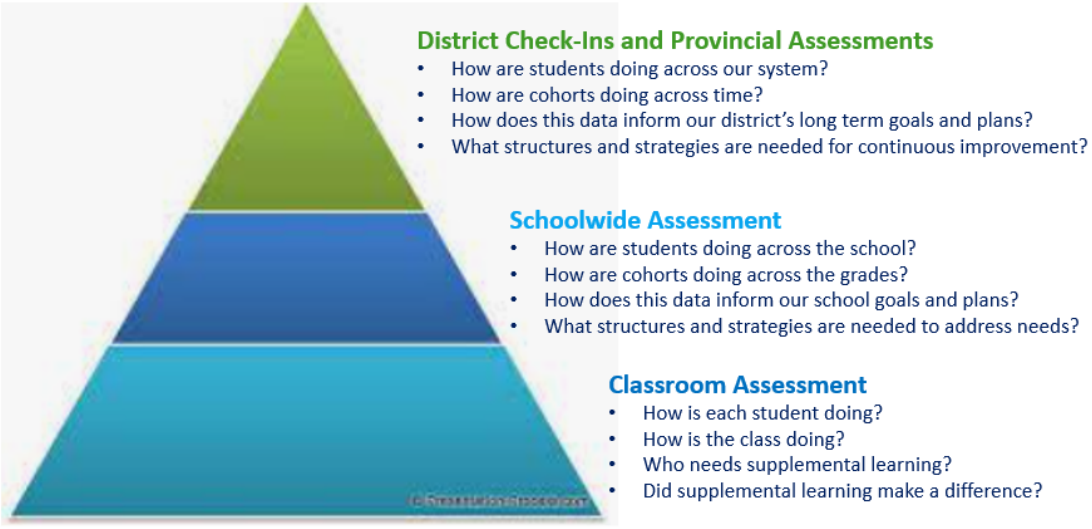

6. ***How will the information collected from this assessment be used?***

   Classroom Teachers *use this information to inform instruction and monitor progress of their students' literacy skills. Additionally, this information will be helpful to pass on to grade 3 teachers.*

The School *can use the data for school growth plans, allocation of resources and inform school-based team discussions and strategies.*

Assessment Design for the Frameworks

Grounded in Classroom Assessment System

SD71 Grade 2 Literacy Assessment
PROCEDURES

This assessment is intended to be offered to students **in October** to help teachers screen, identify, and monitor a learner's needs for the purposes of guiding instructional decisions around critical reading skills. ***The results will be submitted to the district as an indicator of Grade 1 literacy skills mastery.*** It can be repeated at another time in the year to monitor change for school level data purposes.

Guidelines:

Record all attempts made by the student, and relevant behaviours.

To ensure the assessment is completed in a timely manner, keep in mind the following for **most** subtests:

- For **fluency**, the student should be able to respond within **3 seconds**. If the student takes longer, mark the item as incorrect and prompt for the next item.
- If the student gets the **first three items incorrect**, **stop and move on to the next task**.
- If the student struggles with word reading, administer the digraphs and letter names/sounds task.
- Look for this icon on most subtests to reflect the "3 Seconds/3 Questions" guideline:

Recording Student Responses:

Try to record as much information about observed student behaviours as possible.

Commonly, " " are used to identify letter names whereas / / are used to represent a sound.

For example "c" may be /k/ or /s/

When asked for the sound of letters, many students say the letter name. Prompt with: "you know the name of the letter. Can you tell me the sound it makes?"

PHONICS & PHONEMIC AWARENESS

DID YOU KNOW?

Phonological awareness is the ability to notice the sound structure of spoken words (Kilpatrick, 2015). It includes recognizing words, recognizing and producing rhymes, segmenting words into syllables, and segmenting and blending onset and rime. Phonemic awareness is the ability to identify, isolate and manipulate language at the individual sound level. It is part of phonological awareness. It includes isolating, segmenting, blending and manipulating individual sounds (Honig, Diamond & Gutlohn, 2008).

PHONICS

A system for approaching reading tat focuses on the relationship between letters and sounds. (Kilpatrick, 2015)

The phonemic awareness task and the basic code task indicate proficiency in ***decoding skills—reading.*** The spelling screener indicates proficiency in ***encoding skills—applying phonics to writing.***

NOTE: Not all students will need to be assessed on the basic code and phonemic tasks. Start with the Oral Reading Fluency task and use the basic code and phonemic awareness tasks to determine where additional instruction is required if a student struggles to complete the first four reading passages.

Medial Phoneme Isolation

Instructions:

- **Prompt:** " I am going to say a word. Tell me the middle sound of the word _____."

pen **man** **hop** **fit** **sky**

Medial Phoneme Substitution

Instructions:

- "I am going to say a word. Change the middle sound from /i/ to /a/ to make a new word."
- **Practice:** "The word is "bit". Change the middle sound from /i/ to /a/. What is the new word?"
- **Prompt:** "The word is _____. Change /__/ to /__/."

The word is **ran**. Change the **/a/ to /u/.**

The word is **not**. Change the **/o/ to /u/.**

The word is **top.** Change the **/o/ to /i/.**

The word is **has**. Change the **/a/ to /i/.**

The word is **bit.** Change the **/i/ to /e/.**

3 seconds

Digraphs and Complex Vowels

Instructions

- "I will point to some letters. Tell me what sound they make."
- Tell me what sound these letters make."

ch th wh sh ng qu ou oi er oo ar oy ow

Note: *some of the complex vowels have two sounds, either one is considered correct.*

Basic Code

Note: This task is only required if there were significant difficulties for the child reading the passages and completing the medial phonemic tasks.

Letter Association

Directions: Introduce the task:

- "I'd like you to tell me the names and sounds of these letters."

Prompt:

- **"What letter is this?"**
- **"What sound does this letter make?"**

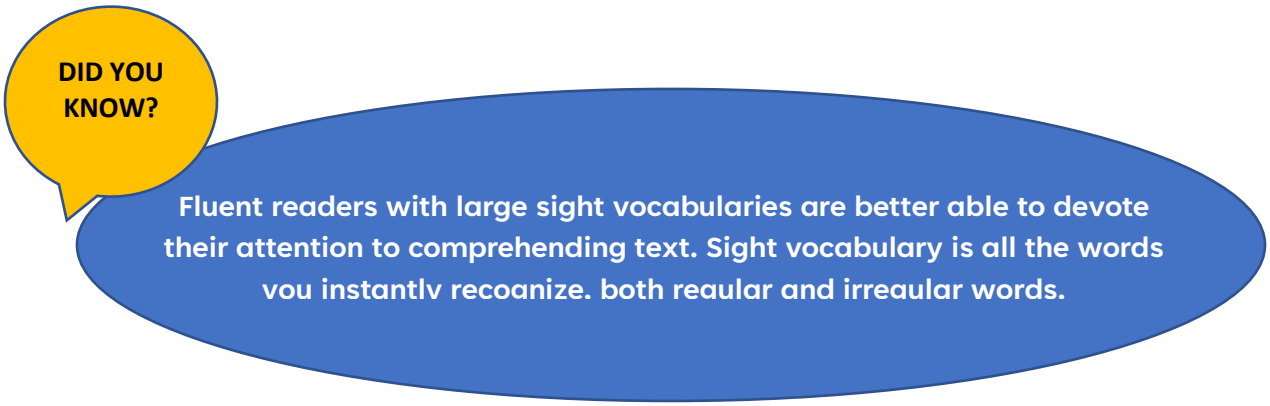

3 seconds

Articulation errors are not counted as incorrect, if child says /w/i/p instead of /l/i/p they still get a point. Letter name is not a correct response. Prompt student to give a sound.

READING WORDS

Sight Words

Grade 1 words (Fry 1st 25 of 100)	Grade 2 words (Fry 1st 25 of 200)
the, of, and, a, to, in, is, you, that, it, he, was, for, on, are, as, with, his they, I, at, be, this, have, from	over, new, sound, take, only, little, work, know, place, years, live, me, back, give, most, very, after, things, our, just, name, good, sentence, man, think

3 seconds

Instructions

Start with the Grade 1 words. If the student completes them all, move on to the highlighted grade 2 words.

If the child makes more than 5 errors, discontinue.

Prompt: "Can you tell me what this word is?

Record all responses, including multiple attempts. When students sound out one letter at a time, these can be separated with a dash.

Note: *Depending on the phonics program used in Grade one, there may be unfamiliar words in this list. Teachers are encouraged to use a sight word list that is appropriate.*

READING CONNECTED TEXT

"A valid [reading] test must include the concepts, language structures, vocabulary and typography that children meet in their daily reading."

(Keys to the PM Benchmarks; Nelson Learning Australia, 2003)

These short passages are designed to follow a scope and sequence and increase in complexity. The built-in comprehension questions allow for regular interaction with the teacher during the process.
As the child reads each passage, note the words correct and any errors. The child gets a point for each comprehension question answered correctly.

An error includes: a substitution, missed word, added word, miscue not corrected
Any self-correction is considered correct.

This task is administered in October to indicate grade one proficiency. **Proficient is reading up to and including passage #5, with less than 5 errors, and fluent on the scale.** When the child hits 5 errors, or 2 incorrect comprehension answers, stop and count up the total words read, out of the total words provided to #5 (52 words) to determine a percentage. Combine that percentage with the fluency scale to determine proficiency. **Proficient will include accuracy as well as fluency.**

Fluent level 4: meaningful phrase groups, syntax is consistent and expressive interpretation
Fluent level 3: 3-4 word phrases, syntax is appropriate, little or no expressive interpretation
Non- Fluent level 2: primarly two-word phrases, with some larger groupings; some word-by word
Non- Fluent level 1: primarily word-by-word, not reliable meaningful syntax

The task should be administered again in the spring to determine grade 2 proficiency, which would be all 11 passages, with a max of 12 errors. *This spring data is for school use only and will not be collected by the district.*

1. The red fox can run.	*What colour is the fox?*
2. The cub is in the den.	*Where is the cub?*
3. The crab is on a rock.	*What is on a rock?*
4. The man rides his bike on the track. He is going fast.	*Where is the man?* *What is he doing?*
5. We went on a hike to the lake. We went fishing off the dock. It was hot and sunny. We had a picnic.	*Where did they go?* *What did they do?* *What did they take with them?*
6. There is a deer in the forest eating grass. It hears a crash! What do you think it is?	*What do you think it is? How might the deer feel?*
7. Today an elder visited our classroom. She told us a story about her life when she was a child. We sat in a circle and passed the talking stick.	*What did the elder talk about?* *How did we sit?*
8. A large eagle is flying in the sky over the sea. It swoops down to catch dinner in its talons. It takes the fish back to its nest for the eaglet.	*What did the eagle catch?* *What happened to the fish?*
9. At the playground in town the steep slide and swings are fun! What do you want to play on? You could go down the slide. We could play grounders or go high on the swings together.	*What is the slide like?* *Which of the three things would you choose to do at the park?*

10.	The otter is on a beach near Oyster River. The beach is rocky with shells and seaweed. The otter has a sleek fur coat. She waits by a tidepool. What is she waiting for?	*What do you think the otter is waiting for?* *What is her coat like?*
11.	At Airforce Beach you can see the jets fly overhead. They are called the Snowbirds. They are fast and noisy! They practice stunts and work as a team. Cover your ears if it is too loud.	*Tell me two things about the jets.*

National Assessment of Educational Progress Fluency Scale		
Fluent	Level 4	Reads primarily in larger, meaningful phrase groups. Although some regressions, repetitions, and deviations from text may be present, these do not appear to detract from the overall structure of the story. Preservation of the author's syntax is consistent. Most of the story is read with expressive interpretation.
Fluent	Level 3	Reads primarily in 3-4 word phrase groups. Majority of phrasing seems appropriate and preserves the syntax of the author. Little or no expressive interpretation is present.
Non-Fluent	Level 2	Reads primarily in two-word phrases with some 3-4 word groupings. Some word-by-word reading may be present. Word groupings are awkward and unrelated to larger context of sentence or passage.
Non-Fluent	Level 1	Reads primarily word-by-word. Occasional 2-3 word phrases may occur- but infrequent and/or do not preserve meaningful syntax.

SPELLING DICTATION

The Spelling Screener assesses the student's ability to spell regular phoneme-grapheme correspondences and orthographic patterns. The words highlight features that are generally learned in order as listed in the first column of the scoring sheet: initial consonant, final consonant, digraph/trigraph, blend, etc. (attached)

Instructions:

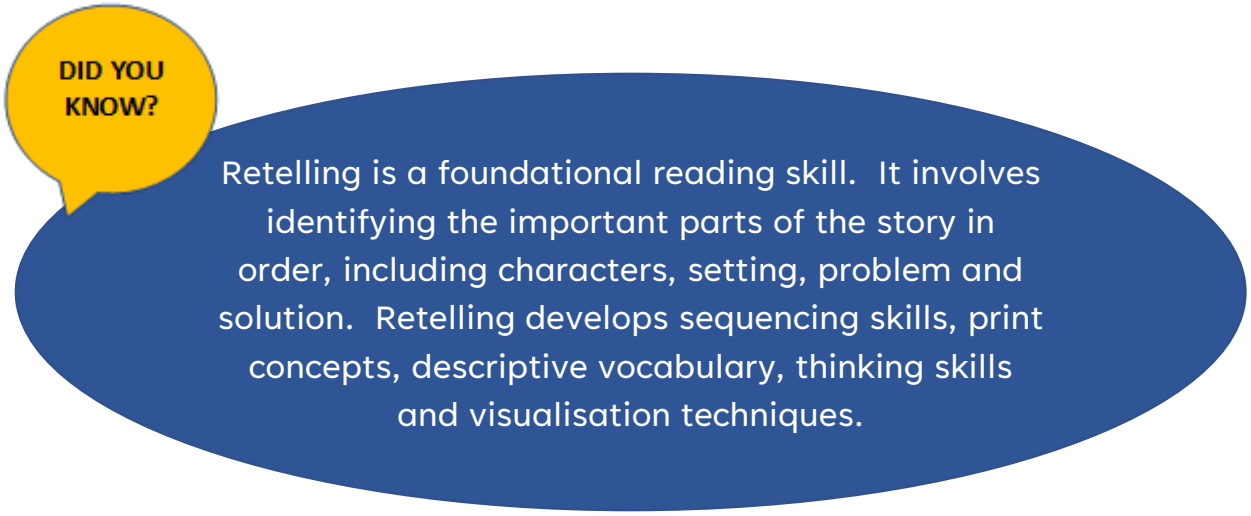

- In October of Grade 2, dictate the first 15+ words (as representative of Gr. 1 mastery).
- The Screener can be administered again later in the year to assess Grade 2 mastery, using the entire list.
- Students do not study the words in advance
- this can be administered as whole class or small group.
- Say the words in a natural fashion, not emphasizing any features, so as to avoid scaffolding.
- Say the word, then use a sentence, then repeat the word. Suggested sentences are provided.
- Use the scoring sheet provided. **A student gets 1 point for correctly spelling the feature, and a second point if the whole word is correct.** Total the number of points across for each feature (i.e., Initial consonant), and down for each word (includes all the features in the word.)

For the number of words dictated (X),

- **X-1 indicates good knowledge of that grapho-phoneme relationship.**
- **X-2 indicates need for instruction.**
- **If the student does not get any points for the feature, then it is beyond instructional ranges and earlier features need to be addressed.**

COMPREHENSION

Retelling A Story

Assessing a student's ability to retell a story involves a thoughtful approach that prioritizes exposure, interaction, and ongoing practice.

Kindergarteners benefit from hearing stories multiple times, allowing them to internalize its structure and content. Through regular storytelling sessions, educators can ensure that every student has ample opportunity to familiarize themselves with the story.

Utilizing a range of resources such as sequencing cards, felt boards, puppets, and story grammar marker, loose parts, drawing and graphic organizers can greatly enhance engagement and understanding.

Assessment should be seamlessly integrated into the ongoing retelling instruction that takes place throughout the year. Rather than a one-time evaluation, the retelling assessment should be an ongoing process, woven into classroom literacy routines. This approach ensures that students have continuous opportunities to develop their retelling skills and receive timely feedback on their progress.

COMPREHENSION

Use the provided Story Map or other graphic organizer students are familiar with.

TEACHER RECORDING FORMS

Assessments should be done throughout the year to inform instructional goals and guide learning activities for students. If a student has demonstrated a skill at the proficient level earlier in the year, there is no need to reassess unless there are questions about their current level.

Note: While the tasks are numbered on the recording sheets, they do not need to be done in order. Teacher discretion and suitability for students will determine the order in which they are administered.

2d. Letter sounds: If the child offers the letter name, prompt again to ask for the *sound.*

***Note: Teacher discretion will be required here.** If the student has been instructed with Jolly Phonics, individual letters rarely have more than one sound—long a, for example, always occurs in combination with another letter, whereas UFLI instruction includes two sounds for each vowel. The teacher can determine which score seems most reasonable given the phonics instruction the child has received.

3. Reading Sight Words *(shaded words are bonus for October)*

Start with the grade 1 words. If the student completes them all, move on to the grade 2 list. If the child does not get 3 of the first five Grade 1 words correct, discontinue.

Note: *depending on the phonics program used in Grade one, there may be unfamiliar words in this list. Teachers are encouraged to use a sight word list that is appropriate.*

Record all responses, including multiple attempts. When students sound out one letter at a time, these can be separated with a dash (-) .

4. Comprehension: Story Map

After reading a story to the class, *and taking time to do some discussion, turn and talks, and other strategies for response,* administer the following assessment (Story Map). Use their drawing or writing on the back of the page to have them tell you their understanding of the story. This conferring episode can assist in the scoring of the task.

National Assessment of Educational Progress Fluency Scale		
Fluent	Level 4	Reads primarily in larger, meaningful phrase groups. Although some regressions, repetitions, and deviations from text may be present, these do not appear to detract from the overall structure of the story. Preservation of the author's syntax is consistent. Most of the story is read with expressive interpretation.
Fluent	Level 3	Reads primarily in 3-4 word phrase groups. Majority of phrasing seems appropriate and preserves the syntax of the author. Little or no expressive interpretation is present.
Non-Fluent	Level 2	Reads primarily in two-word phrases with some 3-4 word groupings. Some word-by-word reading may be present. Word groupings are awkward and unrelated to larger context of sentence or passage.
Non-Fluent	Level 1	Reads primarily word-by-word. Occasional 2-3 word phrases may occur- but infrequent and/or do not preserve meaningful syntax.

6. Spelling Screener (Encoding)

The Spelling Screener assesses the student's ability to spell regular phoneme-grapheme correspondences and orthographic patterns.

The words highlight features that are generally learned in order as listed in the first column of the scoring sheet: initial consonant, final consonant, digraph/trigraph, blend, etc. (attached)

- **In October of grade 2, dictate the first 15+ words (as representative of Gr. 1 mastery).**
- The Screener can be administered again later in the year to assess Grade 2 mastery, using the entire list.
- Students do not study the words in advance
- This can be administered as whole class or small group.
- Say the words in a natural fashion, not emphasizing any features, so as to avoid scaffolding.
- Say the word, then use a sentence, then repeat the word. Suggested sentences are provided.
- Use the scoring sheet provided. **A student gets 1 point for correctly spelling the feature, and a second point if the whole word is correct.** Total the number of points across for each feature (ie. Initial consonant), and down for each word (includes all the features in the word.)
    - **For the number of words dictated (X),**
        - **X-1 indicates good knowledge of that grapho-phoneme relationship.**
        - **X-2 indicates need for instruction.**
        - **If the student does not get any points for the feature, then it is beyond instructional ranges and earlier features need to be addressed.**

Spelling Screener Dictation:

1. mud — Don't step in the mud.
2. nap — I like to nap when I'm tired.
3. set — The sun will set in the west.
4. fog — It's hard to see in thick fog.
5. rib — The football player broke his rib.
6. life — Remember to enjoy life every day.
7. shack — A shack is a small house.
8. stone — Stone walls last a long time.
9. trunk — The trunk of that tree is very big.
10. goat — A goat is a useful farm animal.
11. scrape — Did you scrape your knee when you fell down?
12. beat — Keep the beat when you clap to music.
13. champ — The Stanley Cup winner is the champ.
14. third — Third place is behind first and second.
15. drain — Water goes down the drain.
16. bridges — Two bridges go over the canyon.
17. crutch — If you hurt your foot, you can use a crutch to walk.
18. growing — We are growing carrots in our garden.
19. walked — I walked slowly to school.
20. born — The kittens were born yesterday.
21. spoil — Don't let the rain spoil the trip.
22. smiling — Smiling is easy if you are having fun.
23. slipping — Our feet were slipping on the ice.
24. shouting — My voice was tired from shouting.
25. higher — Eagles fly higher than most small birds.
